

# Evacuation Simulation

Brittany Harden

Carl Reid

Cosc 490 spring 08

# Introduction

---

- We are going to show an evacuation simulation of a classroom setting.
- We want to use a classroom design that is similar to rooms in computer science building at Bowie State University
- The simulation will have 15 students in a class in classroom environment.

# Shapes

---

- ◉ Shape to design:
- ◉ Wall
- ◉ Door
- ◉ Table
- ◉ Computers
- ◉ Chairs
- ◉ Students

# Objects

---

- ◉ Cylinders
- ◉ Rectangle
- ◉ Boxes
- ◉ Cones
