Education

Stevens Institute of Technology - Bachelor of Computer Engineering 2023-2027

- **GPA & Awards:** 3.980, Pinnacle Scholar, Dean's List F2025
- **Coursework:** Vectors & Matrices, Multivariable Calculus, Differential Equations, Mechanics, Electricity & Magnetism, Statics and Engineering Mechanics, Probability and Statistics, Thermodynamics, Circuits & Systems, Electronic Circuits, Design of Dynamical Systems, Microprocessor Systems, Computational Data Structures and Algorithms, Design of Materials, Image Processing & Coding, Modeling and Simulation, Information Systems Engineering, Digital System Design, Applied Data Structures and Algorithms, Computing Principles for Mobile and Embedded Systems

Weehawken High School 2019-2023

- **GPA & Awards:** 3.970, Salutatorian

Skills

Software: Arduino, SolidWorks, MATLAB, Excel, Word, Powerpoint, Visual Studio Code, KiCAD

Coding: C++ & C#, Javascript, Python

Other: Robotics, Computer Troubleshooting

Extracurriculars

Current: IEEE, ECE Undergrad Student Advisory Council

Previous: Weehawken High School Robotics Club

Experience

Simple PCB Design in KiCAD 2025

- Created PCBs based on schematic designs provided by Professor Christopher Sugino for a future project researching usage of metamaterials in mechatronics.

Examining Data Sets with Python 2025

- Performed exploratory data analysis and used linear regression models on a specific data set given by a professor. Python code and libraries were the primary method used for building the tools of analysis.
-
