EDUCATION

Stevens Institute of Technology, Hoboken, NJ	08/2026-Present
• Artificial Intelligence program in School of Computing	
Washington Preparatory School, Bothell, WA, USA	10/2023 - 06/2026
• Valedictorian; full-tuition merit scholarship recipient.	
• GPA: 4.320; SAT: 1500 (Math 800, Reading & Writing 700).	
• IB Diploma: Physics HL, Math AA HL, English Language & Literature HL; Biology SL, Business Management SL, Mandarin Literature SL; TOK, EE.	
• AP Exams (Score: 5): Calculus BC, Physics C: Mechanics, Computer Science Principles, Computer Science A.	
The Experimental High School Attached to Beijing Normal University, Beijing, China	09/2022 - 10/2023

SELECTED HONORS & AWARDS

- Physics Bowl: Global 5th Place, Division 1 (2024)
- British Physics Olympiad: Global Gold Award, Top 5.9% worldwide (2024)
- USA Computing Olympiad: Gold Division (2025)
- American Invitational Mathematics Examination: Score 7; AMC Honor Roll (2023, 2024)
- Washington State Science & Engineering Fair: 3 consecutive years of awards
 - 2026: 1st Place, AI-Based Virtual Piano
 - 2025: 2nd Place, AI Karate Motion Scoring App
 - 2024: 1st Place, Coin Motion Physics Project
- China Physics Olympiad: 2nd Prize, Provincial Level (2023)
- School VEX Robotics Competition: 1st Place; led strategy, robot design, and competition preparation (2026)
- Destination Imagination, China National Finals: 2nd Place, international creative problem-solving program (2023)

ACADEMIC, RESEARCH & TECHNICAL EXPERIENCE

SIT, Division of Information Technology, Technology Assistant, Hoboken, NJ, USA	09/2026 - Present
• Support classroom audiovisual and multimedia technologies used for university teaching. (10 hrs/week)	
Independent AI Projects, Bothell, WA, USA	2024 - 2026
• Developed an AI-based virtual piano using computer vision and hand-motion recognition.	
• Built an AI karate motion scoring application using human-motion analysis and computer vision.	
CraneLab, Backend Developer Intern	07/2026 - 08/2026
• Collaborated on an LLM-powered agent for data cleaning and anonymization; designed privacy-preserving prompts to minimize exposure of sensitive user information.	
MSR Technology Group, Technology Intern, WA, USA	04/2026 - 06/2026
• Worked with a Data Architect to learn enterprise software systems, information organization, and development workflows in a company setting; gained exposure to system maintenance and practical technical problem-solving.	
Northeastern University, Nano Energy Laboratory, Research Assistant, Boston, MA, USA	Summers 2024 & 2025
• Researched passive cooling materials and prepared samples to evaluate thermal performance; listed as a High School Scientist on the lab's official team page: nanoenergy.sites.northeastern.edu/our-team/ .	

LEADERSHIP & COMMUNITY

Co-Founder, School Research Club, WA, USA	01/2026 - 06/2026
• Launched a student research club with around 15 regular participants; mentored four teams through topic selection, experimentation, paper/poster preparation, and WSSEF participation; teams earned one first-place and three third-place awards.	
Student Council Representative, 11th-12th Grade Delegation, WA, USA	09/2024 - 06/2026
• Helped plan school-wide activities, including Fall Fair, Thanksgiving and Christmas events, Spirit Week, Asian traditional festival activities, Open House, Snack Shack fundraising, club coordination, and graduation preparations; supported communication between students and school leadership.	
Volunteer Online Tutor	09/2024 - 06/2026
• Tutored students in math and English and supported their academic confidence and learning progress.	

SKILLS & INTERESTS

- Programming: Python, C++, Java; technical interests in AI, computer vision, motion analysis, and medical imaging.
- Developer Tools: Android Studio, Colab, GitHub, VS Code, Cursor.
- Arts & Athletics: Karate, national-level award; piano; anime; recitation and choir; appeared in print advertisements and commercial English teaching videos.
